NOTE: As indicated in the contract, and with appropriate prior notice to the FCC and users, the old PAS system was deactivated at close of business on Friday, January 9. Between that time and 3:15pm Sunday, January 11, no PAS activity was permitted while we migrated data to the enhanced PAS, and activated and tested the new system.

We had notified users that PAS would not be available for use until Monday, January 12, at 8 AM ET, but our tasks were completed early, and it was made available at 3:15pm on Sunday, January 11.

The numbers in this particular monthly report reflect that transition.
